

24 November 2014

**Greenland Gas & Oil Plc ('GGO' or the 'Company')**  
**Board Changes**

Greenland Gas & Oil Plc, the Greenland focused oil & gas exploration and development company, is pleased to announce that James Richardson has been appointed as a director of the Company with effect from 24 November 2014.

James is the founding managing director and shareholder of RM Capital Pty Ltd ('RM'), one of Australian largest full service wealth management & advisory firms. RM provide wholesale and retail broking services, corporate advisory and M&A advice to both national and international clients.

James is responsible for the management of RM's advisor and compliance obligations pursuant to the Corporations Act of Australia and is a regulated and authorised representative of the Australian Securities and Investment Commission.

RM has managed the initial public offering of a large number of companies on multiple global markets.
